

José António Teixeira is currently Professor (“Professor Catedrático”) at Biological Engineering Department, University of Minho (since 2000). He has a degree in Chemical Engineering from University of Porto (1980) and a PhD in Chemical Engineering also from University of Porto (1988).

He has been involved in different management activities, being Head of the Department of Biological Engineering, Univ. Minho, 2000 -2012 and Head of Biological Engineering Research Centre, 2012-2015.

His main research interests are Industrial Biotechnology (bioprocess development for the transformation of lignocellulosic materials into 2nd generation bioethanol and chemicals; valorisation of agro-industrial residues; bioreactor development including new design bioreactors and continuous processing) and Food Biotechnology (non-conventional food processing; edible films for packaging; process development for production of prebiotics)

José Teixeira was awarded the “Stimulus to Excellence”, 2006, from FCT, the “Seeds of Science” in “Engineering and Technology”, 2011, from “Ciência Hoje” and the “Scientific Merit Award”, Universidade do Minho, 2015. He was also a “Highly Cited Researcher” in 2018 and 2019,

He is the co-editor of the several books and the author/co-author of over 550 peer reviewed papers (see <http://orcid.org/0000-0002-4918-3704>)
